Fundamental Physics Laboratory

Lab Report

Experiment: _____

Name: _____

Student ID: _____

Lab Partner: _____

Group NO.: _____

Supervisor: _____

Date: _____

Purpose:

Principle : (Including background, theory, important formula, circuit and ray diagram):

Content and procedures (Briefly!):

Equipments:

Experiment record (record the condition, phenomena, data, problems and ideas, etc.

Prepare the table for data record.):

Temperature:

Humidity:

Experiment record:

Supervisor:

Date:

Data processing: (Significant figures & Graphs)

Discussion:

Conclusion:

Comments and suggestions (Optional):

Score:

Supervisor:

Date:
